Science Week 24th- 28th April 2023 - Request for STEM volunteers

Dear Parents/Carers,

During the second week of the summer term (Monday 24th April to Friday 28th April 2023), we will be holding a **Science Week** in school.

Throughout the week, all of the children will be involved in a range of activities exploring Science, Technology, Engineering and Maths (STEM).

This is also a great opportunity for your children to discover a range of STEM careers.

Therefore, we are once again looking for parent/carer volunteers, who have a background in STEM related careers, to come into school and share an aspect of their work with the children to inspire them and get them thinking of different opportunities for their own futures.

We are looking for 30 minutes to 1 hour of your time to talk to the children about your STEM career. This could be a KS1/KS2 presentation or a single class workshop.

If you would be interested in volunteering during Science Week this year, please contact Mrs. Gabriel or Mrs. Badger as soon as possible for more details.

Thank you in advance.

Mrs. J. Gabriel
Year 5 class teacher
