

Y2 Summer Term Takeaway Homework

Choose one task and bring your work into school for sharing on **Wednesday 22nd May**.

Choose a different task and bring your work into school for sharing on **Wednesday 17th July**.

Create your own forest. You could draw, paint or make it out of 3D materials.

Choose one endangered animal from Chester Zoo to learn about. Present a fact file on your chosen animal.

Make a leaflet to persuade others to look after the environment.

Grow your own plant! Can you keep a plant diary to show us how it grows over time? Think about all of the things your plant will need to grow healthily.

Keep a weather diary. What do you notice? Are there any patterns?

Design your own exercise routine to keep a human fit and healthy. You could even film yourself or your family taking part!
