

Take Away Homework!

Choose your homework from the menu below:

The Peri-ometer suggests the difficulty or challenge the homework may offer.

This half term you must attempt at least one task from the list. We expect high quality work which shows research, thought and care with presentation. Bring your work back to school to share with the class and the rest of the school on Wednesday 21st May and Wednesday 16th July.

Design and create a sustainable product which helps reduce climate change. DT/ Science	Research the life of activist Greta Thunberg and create an information leaflet on her. History/English	Make a 3D model of the world. Write about what would make the world a better place in the future. DT
Design a piece of art which represents the future. Art	Create your own musical instrument using recycled parts. Music/DT	Create a PowerPoint about an underwater animal affected by plastic in the ocean. Computing
Care for creation like Jesus taught. Research a charity which helps wildlife affected by climate change. Can you help? Create a fact file about it. RE	Instead of going out in the car, reduce carbon emissions and use your bike and your legs instead! Document how far you have walked/cycled over a week! PE	Investigate light – how does it travel? How do we see colour? Present your findings in any form you wish. Science
Bake a cake and write a message on it for the future! Write down your recipe. Maths/DT	Research David Attenborough's work on life below water. Create a PowerPoint about it. History/English	Free choice! Choose something you are interested in linked to the topic, research it more and present it in a form of your choice.
