Identification

How will you know if my child or young person needs extra help? *(IRR)*

As a school team we use our wide range of experience to help us identify those pupils who may need extra help. We consider the whole child and will look at a child's learning, social and emotional well-being and any changes in their behaviour.

To make sure we identify those pupils as soon as possible, we have different ways of sharing information and concerns.

These include:

- Regular informal/formal discussions with the Class Teacher, Special Educational Needs Coordinator (SENCo/Deputy SENCo), Principal and Executive Head Teacher about pupil's progress in each class, during which we identify any pupils who are not making expected progress.
- As a staff we share any concerns about progress or concerns about a pupil's general well being.
- Talking to parents and listening to their concerns or worries.
- Talking to the pupil and listening if they say they need extra help or have worries.
- Liaison with any other professionals such as health professionals.
- Talking to any previous school or any prior education setting the pupil may have been at.

What should I do if I think my child or young person needs extra help?

If you think your child needs extra help you should:

- Firstly, speak to the class teacher and make an appointment to speak to him / her. A **First Concerns Profile** may be developed detailing the child's strengths and current difficulties. Short term targets will be agreed and detail the support that will be put in place to achieve them
- The class teacher may consult with the Special Educational Needs Coordinator (SENCO/Deputy SENCO) to discuss concerns and help plan next steps where it is needed.

Where can I find the setting/school's SEND policy and other related documents? *(IRR)*

- Please visit Bunbury Aldersey C.E. Primary School website at **www.bunburyaldersey.cheshire.sch.uk**
- The website provides you with all the relevant school policies and documents relating to the provision offered to our pupils.

Teaching, Learning and Support

How will you teach and support my child or young person with SEND? *(IRR)*

- The school teaches pupils with Special Educational Needs and Disability (SEND) in accordance with the Cheshire East area wide offer (www.cheshireeast.gov.uk/localoffer)
- We are an inclusive school and aim to provide a learning environment which will meet a wide range of different needs.
- In the school we have a wide range of expertise and skills, which support the teaching, learning and support for pupils with SEND across the school day.
- We adapt learning across the curriculum to meet individual needs. Sometimes a pupil will need a very personalised approach to learning across the school day; other pupils will need learning differentiated to meet their particular needs whilst still providing challenge.
- Planning for SEND pupils is done by the individual class teachers and includes quality first teaching.
- Parents of children with SEND needs are usually invited to meet for a **Special Educational Needs Support Meeting (SENS Support)** with the class teacher and SENCO/Deputy SENCO, three times a year to discuss provision and impact.
- Additional adults or key people are used flexibly across the school and may be in a class to support an individual or groups of pupils or may be supporting pupils during playtimes and lunchtimes. Our aim is to develop the pupil's independence across all areas of learning and the school day.
- The SENCO is a qualified Specialist Dyslexia Teacher who advises teaching staff on dyslexia friendly teaching approaches.

How will the curriculum and learning environment be matched to my child or young person's needs? *(IRR)*

- As an inclusive school we all work within the school curriculum and we adapt the learning environment to ensure all pupils can access their learning at an appropriate level. This may mean that learning and the school environment is differentiated or personalised to meet specific needs and/or it may mean that specialist equipment or adaptations are put in place or that the learning is differentiated to account for individual specific needs.
- We seek professional advice from other agencies, such as the Cheshire East Autism Team, Speech and Language Team, Educational Psychologists and Mental Health Team to help us match the curriculum and learning environment to a pupil's needs.

How are the setting, school, or college's resources allocated and matched to children or young people's needs?

----- [Click here to return to the front page](#) -----

Teaching, Learning and Support

- The Principal decides on the budget for special educational needs in consultation with the school governors.
- The Executive Head Teacher, Principal, Governors and the SENCO/Deputy SENCo, regularly review the special educational needs across the school and make changes if they are needed.
- Resources for pupils with special needs are, as far as possible, met from the school budget.
- The resources are allocated on a needs basis. Resources may be specialist equipment, additional adult support or outside agency support.
- Some pupils' needs may be very complex and they may need a key person at times across the school day.
- The Principal and Business Manager, strategically manage the SEND budget. The budget and its allocation is reviewed over the year to meet any changes in pupils' needs or resources available.
- Where a pupil's needs are more complex and it is felt that additional funding is needed to meet his or her needs, this will be discussed with parents at the regular review meetings and consideration will be given to making an application for an Education Health and Care Plan needs assessment. If parents agree then the school will work in partnership with parents to apply to the local authority for extra funding.

How is the decision made about what type and how much support my child or young person will receive? Who will make the decision and on what basis? *(IRR)*

- When a pupil is first identified as requiring significant additional support, parents will be invited to meet with the class teacher and SENCO/Deputy SENCo. This is known as **Special Educational Needs Support**. The child is included on our SEND register after consultation with parents/carers.
- During the meeting the desired outcomes for the pupil will be discussed and how these will be achieved will be agreed. These will be recorded on an individual **Special Educational Needs Support Plan**.
- These will be shared with the pupil and his or her views will be included in the decision wherever possible.
- The school has a wide range of expertise and understanding about the type of support a pupil may need, if there are any differences of opinion about the support a pupil needs to achieve the agreed outcomes then additional expert help will be sought – for example from an Educational Psychologist – to support the decision.
- All resources, training and support are reviewed regularly and changes made as needed.

How will equipment and facilities to support children and young people with SEND be secured? *(IRR)*

- If any specialist equipment or facilities are required then, where possible, this will be met from within the school budget, for example a writing slope and scribes for exams.

----- Click here to return to the front page -----

Teaching, Learning and Support

- Where specialist equipment or facilities are required that the school does not already have, then the school will review the equipment or facilities needed with the parent, pupil and any specialist agency, such as a teacher of the deaf or occupational therapist. This may then be met by the school budget or may form part of the provision within an Education, Health and Care Plan, for example specialist visual aids for a child with a visual impairment.
- Some specialist equipment can be secured on loan from specialist agencies.

How will you and I know how my child or young person is doing and how will you help me to support their learning? *(IRR)*

- Your child's progress is monitored by the class teacher and it is formally reviewed by the Executive Head Teacher, Principal and SENCO/Deputy SENCO.
- The Class teacher, executive Head Teacher, Principal and SENCO/Deputy SENCO monitors the progress and support for pupils with special needs and if he/she is concerned about any aspect of your child's progress, they will contact you to discuss it.
- There are assessments which are statutory and you will receive results of these at the required time for example: EYFS (Early Years Foundation Stage) Baseline, Year 1 phonics screening and Year 2, 4 and 6 Statutory Assessment Tests.
- Pupils with SEND usually have 3 Special Education Needs Support Meetings each year. Parents, pupils, class teacher, SENCO/Deputy SENCO and outside agencies may be part of this process.
- Pupils with SEND will have 3 Parents meetings each year, linked to the school cycle of parents' evenings. Parents will be invited to meet the class teacher to review progress and plan next steps.
- Pupils with an Education Health and Care Plan will also have a Statutory Annual Review each year. This may be in addition to or be included within the termly meetings.
- If you are worried or have any concerns between meetings, then you are encouraged to speak to the class teacher or make an appointment to speak to the SENCO/Deputy SENCO
- If the teacher or SENCO/Deputy SENCO has any concerns or worries during the year, they will contact you, either directly face to face, by invitation or by a phone call.
- Some pupils and their parents benefit at times from a home/ school contact book particularly if the child travels to school on the school bus.
- When a pupil first comes to school or has perhaps had a challenging time, individual daily face-to-face feedback may be needed for a short time.
- All pupils receive an Annual Report in the summer term.

Teaching, Learning and Support

How does the setting, school or college consult with and involve children and young people with SEND in planning and reviewing their education? *(IRR)*

- We encourage the active participation of pupils in all aspects of their learning.
- We have a Pupil voice (School Council and Inclusion Ambassadors) who meet regularly.
- Pupils complete daily 'Green for Growth' responding to an aspect of the work the teacher has highlighted for development.
- Through our marking policy we identify areas of progress and areas that need further development.
- We talk individually to pupils about their learning and plan next steps with them. A child recorded on the School SEN Register will have an individual SEN Support Plan/EHCP Implementation Plan. These plans are reviewed termly including seeking the child's view.
- In preparation for a child's EHCP Annual Review the pupil's ideas and thoughts about the year are recorded. The pupil may be invited to share in part of the Annual Review meeting.
- We ask pupils about their learning and how they learn best, which is often key to reaching the learning outcomes that have been agreed.
- We ask pupils to update their One Page Profile termly, which gives us information such as what they like/don't like and how best to support them

How does the setting/school/college assess and evaluate the effectiveness and sufficiency of its arrangements and provision for children and young people with SEND? *(IRR)*

- The Executive Head Teacher, Principal, SEND Governor and SENCO/Deputy SENCo review the provision and effectiveness for SEND on a regular basis and adapt the provision as required.
- The success of any intervention or support programme is monitored, to ensure that they are both effective and good value for money.
- The school SENCO/Deputy SENCo attends local SENCo cluster meetings to reflect on the effectiveness of provision and to share ideas.
- The SEND Governor maintains an overview of the school's provision through liaison with the SENCO/Deputy SENCO.
- The SENCO/Deputy SENCO reports termly to the Governing body.

Keeping Students Safe and Supporting Their Wellbeing

How do you ensure that my child or young person stays safe outside of the classroom?

- We follow the school's safeguarding policy. (www.bunburyaldersey.cheshire.sch.uk)
- We aim to include all pupils in all aspects of the school day and the curriculum wherever possible. Some pupil's need a more personalised approach and need extra support at different times of the day. To ensure they stay safe and support their well being we may, for example, at playtimes provide an alternative quiet space to the playground or at lunch time provide a quieter place than the school hall to eat their dinner.
- Some pupils will have more complex difficulties or medical needs and may need a named key person outside the classroom; this may include a personalised meet and greet session each day and a debrief at the end of the day.
- We carry out risk assessments for all off site activities and residential visits. If we feel a pupil needs extra support to ensure his or her safety and well being, we will carry out an individual risk assessment, which we will share and discuss with parents. This may then mean, for example, an extra named person is included on the trip.
- There is always a first aider included as part of the staff team for all off site activities.

What pastoral support is available to support my child or young person's overall well-being?

- Our school is a nurturing school and all staff are part of the pastoral support system.

----- Click here to return to the front page -----

Keeping Students Safe and Supporting Their Wellbeing

- We understand that pupils with SEND can face many challenges which may impact on their overall well-being and they may need extra pastoral support. After discussion with the pupil and parents we may name a key person to add an extra point of contact and individual support.
- Developing friendships can be challenging and to support this we offer a range of different social skills activities, which are often personalised to meet individual needs.
- We are mindful that it can be challenging for brothers and sisters of pupils with a special need and where needed will give opportunities for them to have a 'time to talk' with a key adult and be sensitive to their needs as well.
- We do not tolerate bullying in our school and we follow our school policy (see Behaviour in Schools Policy and Procedure at: www.bunburyaldersey.cheshire.sch.uk)
- Referrals to outside agencies such as the Emotionally Healthy Schools Team may be suggested.
- We facilitate a Social Skills Coach to support individual pupils each week in conjunction with parents.
- We provide wellbeing/ELSA sessions weekly to those children who need it.

How will the setting, school or college manage my child or young person's medicine or personal care needs?

- The school has an Medical Needs Policy and Procedure which can be accessed on the school website: www.bunburyaldersey.cheshire.sch.uk
- If medication is prescribed by a Doctor a request form must be completed at Reception and a member of staff will administer it.
- We work closely with the School Nurse and if medication needs to be taken over time in school, then after discussion with the school nurse, parents and staff a plan is agreed and put in place.
- We have yearly training on the administration of Epi pens and would seek any extra training needed to address any other specific needs that a pupil may have.
- We update staff on any medical conditions affecting individual pupils at staff meetings so that all staff are aware of their particular needs.
- If a pupil needs any personal care then a Personal Care Plan/Intimate Care Plan will be developed with the support of parents and medical professionals, such as the Continence Service. Where possible the pupil's views will also be shared.
- We consider and review all personal hygiene plans to ensure we respect a pupil's privacy and dignity.
- We would ask parents to inform school if a pupil has time off for medical appointments and we will record this absence as 'medical'.
- We have trained First aiders whose training is regularly updated. There are lists of First Aiders posted throughout the school.
- There is always a first aider included as part of the staff team for all off site activities.

Parents are involved in identifying and discussing specific issues and an individual behaviour plan may be written to identify support and set targets.
- If there is a risk of exclusion, parents are fully included in all aspects of the process and outside agencies will be contacted for advice (See school Behaviour Policy and Procedure at: **www.bunburyaldersey.cheshire.sch.uk**)
